

Client Project

Georgian Inspiration at Burhill Golf Club

Gracing function rooms, a bespoke carpet from Wilton Carpets Commercial draws inspiration from the stunning Georgian architecture and interior of the prestigious Burhill Golf Club in Surrey.

Burhill Golf Club | Surrey

Client brief

Established in 1907, Burhill Golf Club boasts two 18 hole courses, with its Georgian mansion house featuring function rooms for groups of up to 150 providing a stylish and relaxed venue for conferences, weddings and events. Beautiful surroundings are complemented by dedicated service and award-winning cuisine that has built Burhill a tremendous reputation for outstanding food quality and presentation.

Creative approach

Drawing inspiration from the stunning Georgian architecture and interior of the prestigious Burhill Golf Club in Surrey, the bespoke carpet gracing busy function rooms features an intricate design that continues the elegant, traditional feel of the previous carpet. An elaborate trellis design in soft rust-orange, pale gold and light blue is merged with bordered inlaid sections of swirls and florals. Woven as merged designs, the carpet was created to fit the exact layout of each room, showcasing fine attention to detail, and enhances the existing wall décor and plush soft furnishings.

"I approached Wilton Carpets Commercial to create the carpet for Burhill Golf Club due to the design team's ability to construct exceptional patterns quickly and accurately to meet production deadlines," explains Andy Ward of specifiers CD Northern. "Burhill Golf Club required a specific look; the previous carpets had a traditional feel and a high specification that needed to be replicated in the new designs. Wilton Carpets Commercial delivered this brief to perfection, and the client is extremely happy with the finished carpet."

Solution delivered

Created by the Wilton Carpets Commercial design team and specified by CD Northern, the 400 square metres of bespoke 10 row axminster carpet helps to create an opulent atmosphere and delivers a coordinated look for the Members' Clubhouse, Lounge, Function Room and Conference Room. Crafted from a high performance blend of 80% wool and 20% nylon, the carpet ensures impressive levels of durability and resilience, and offers superb design and colour clarity and appearance retention.
