# Flexiweave

Bespoke carpet with choice of three colour palettes

A bespoke axminster design solution for any project where time and costs are limited.

Using standard colour palettes, a unique bespoke design concept can be achieved.

## Choose Flexiweave if you want:

- **Bespoke design** - This can be your own design, an adaptation or re-colour of an existing design, a logo pattern or feature - or let us create a design for you.
- **Fabulous value** – just a little more than stock carpet price to have bespoke design.
- **Fast turnaround** - made in 28 days from design approval and receipt of order - subject to quantity.
- **Any colour combination within an individual palette.** We research colour trends within interior design to offer you colours to complement any style of decor - whether classical or contemporary – from a choice of three palettes.
- **Broadloom** - 3.66m (12ft)
- **With the option for large scale design** – With our electronic jacquard, a design can flow across two or more carpet widths; or merge multiple designs such as borders and feature motif into one seamless weave. This may incur an additional charge.
- **The most appropriate contract quality for the interior with a choice of:**
  - 7 Row:** Medium Contract
  - 8 Row:** Heavy Contract
  - 9 Row:** Heavy Contract
  - 10 Row:** Very Heavy Contract.

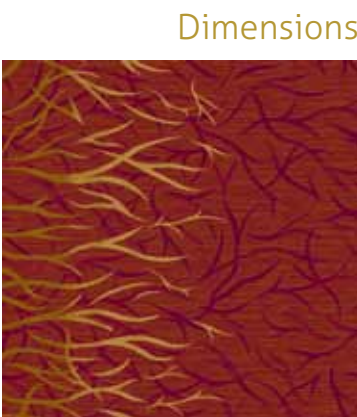

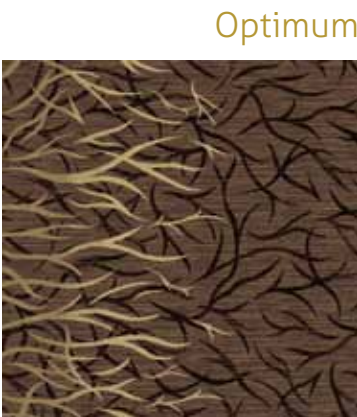

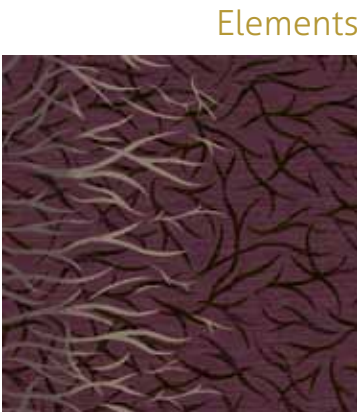

Assurance that the design is right for you: We provide CAD prints and hand trials and quality samples to assist in the fast turnaround approval service.

Minimum quantity just 100sqm.

For more information, call your local representative or our design studio on **01722 746000**.
