This collection of luxurious Axminster rugs has been curated to add modern flexibility to your interior scheme.

This collection of 14 cool, contemporary rugs are all woven to order in our durable, 8 row axminster carpet. Manufactured in our Wiltshire factory in our standard contract-quality of 80% wool, 20% nylon yarn blend, they offer outstanding long-life-time-value.

The collection is manufactured 3.05m (10') wide x 2.44m (8') long as standard but as with the designs, if you are after a bespoke style and size, our Area Managers and Design Studio will be on hand to create exactly what you have in mind.

## ENVIRONMENTAL ACCREDITATIONS

We're dependent on British sheep and the grass they graze across the country, so it just makes sense to look after our environment.

In recognition, we're ISO 14001 and BREEAM compliant.

## FLAMMABILITY

Our carpets have passed Radiant panel ISP 9239-1.

## PILE AND BACKING

Our yarn is 80% wool and 20% nylon, providing the optimum blend of comfort, sound and heat insulation, resilience and long lifetime value. The backing is woven as an integral part of the carpet weaving process, making our carpets uncommonly durable, even in medium to heavy contract applications.

## QUALITY ASSURED

It's quality all the way through the business and we're ISO 9001 accredited to certify that. We also have Cfl sl (C Flooring) certification and our carpets have passed the Radiant Panel ISP 9239-1 flammability test.
