ENVIRONMENTAL ACCREDITATIONS

We're dependent on British sheep and the grass they graze across the country, so it just makes sense to look after our environment.

In recognition, we're ISO 14001 and BREEAM compliant.

FLAMMABILITY

Our carpets have passed Radiant panel ISP 9239-1.

PILE AND BACKING

Our yarn is 80% wool and 20% nylon, providing the optimum blend of comfort, sound and heat insulation, resilience and long lifetime value. The backing is woven as an integral part of the carpet weaving process, making our carpets uncommonly durable, even in medium to heavy contract applications.

QUALITY ASSURED

It's quality all the way through the business and we're ISO 9001 accredited to certify that. We also have Cfl sl (C Flooring) certification and our carpets have passed the Radiant Panel ISP 9239-1 flammability test.
